

Cleaning Rota Agreement

After explaining the new cleaning rota to JC and explaining that this is now in place to try prevent Covid-19 spreading between staff & service users – JC understands this.

JC came to agreement with staff that the new cleaning rota can be carried out while she is out on her 2×30-minute walks as this will not cause any distress to JC.

Can staff please read the new cleaning handbook & sign the daily tasks when completed so that these are not done twice/done while JC is in the house as this may cause upset.

Thank you 😊
