<b>Total</b>	<b>0</b>

### Information about our Policies

In the event of an incident occurring which triggers the duty of Candour, our staff would report the incident to the on-call manager who would record the incident and report to the Operations Manager who will be responsible for ensuring that the duty of candour procedure is followed. The Operations Manager is responsible for notifying the Care Inspectorate. Where an incident has occurred, the Operations Manager will arrange a learning review following investigation of the incident with the staff concerned. This is necessary to enable a review of what happened and what changes may be required e.g. training or organisational procedures.
