Contact telephone number: 0131 553 3084 or 07849 034318

Relationship to child/young person: Mother

Preferred language/form of communication: English

PROFILE

Liam receives a bespoke package of educational support, coordinated by Education and Social Work departments and facilitated by ASL Services and Primecare Health.

The key focus of this is aimed at supporting Liam with transitions.

Liam's ASD means that he is dependent upon routine, structure and predictability. This means that change and transition are extremely difficult for Liam to accept. What Liam wants/doesn't want is dependant and varies throughout the day based on what he is internally driven by at any given time.

Liam will vocalise but does not form words. He uses facial expressions, PECS symbols, body language, gesture and vocalisations to communicate with others.

He will express a range of emotions and responses to tasks, stimuli, people and the environment. Liam has a Positive Behaviour Plan and Individual Risk Assessment.

Liam can use the toilet with some independence, when passing urine, but must be supervised and supported with verbal prompts to carry out his personal care routine. He will take himself to a toilet when he needs and can use the toilet symbol to request (in a familiar building) when he needs. He needs support to clean himself when he has a BM and needs verbally prompted, in context, to carry out the rest of the routine such as washing his hands.

Liam is encouraged to be as active as possible. Caroline Dakers, dietician is involved in supporting Liam with his diet and lifestyle.

FACTORS GIVING RISE TO ADDITIONAL SUPPORT NEEDS

- Autistic Spectrum Disorder.
- Complex communication difficulties.
- Learning disability.

LEARNING PLAN AND EDUCATIONAL OBJECTIVES

COMMUNICATION

Development of functional and social communication and receptive and expressive skills.

- 🌳 To build trust and rapport with those supporting me.

AWARENESS, EXPLORATION, ATTENTION & CONCENTRATION

Demonstration of and purposeful responses to stimuli.

- 🌳 To learn to cope with transitions between physical environments.
- 🌳 To learn to cope with transitions between activities.

SELF-CARE & INDEPENDENCE

Development of self-care and functional skills, e.g. helping with personal care and lunch skills, with increasing autonomy and choice making.

- 🌳 Develop my understanding, acceptance and response to boundaries during activities, places and objects.
- 🌳 To build and develop upon my transferable skills for life and independence during established routines.
